WELCOME TO NEW HOPE CHRISTIAN COLLEGE

"We have all of eternity to boast about the victories won, but we have only a few hours left in which to win them."

This quote by Amy Carmichael has always inspired me toward serving Jesus more and more. There's no greater purpose!

We have only one life to live for Christ, and this is it.

Jesus told us in Matthew 22:14, "Many are called but few are chosen." His call is going out, but God is especially beckoning those who are courageous enough to answer that call. There's a fresh trumpet blast that many men and women are beginning to heed, and that initial "yes" to His purpose can be the beginning of a revival or the reformation our world so desperately needs.

If you have a calling from God that you can't escape, then ***New Hope is the place for you*** to develop that call into a life purpose. Say "Yes" to that call and join me at New Hope Christian College. Here you will begin a lifetime of adventure that leads to the day you will hear, "Well done, my good and faithful servant!"

ACCREDITATION

New Hope Christian College is accredited by the Association of Biblical Higher Education (ABHE), the oldest Bible college accreditation agency in the United States, specializing in the biblical ministry formation and professional leadership education. It is officially recognized by the Council for Higher Education Accreditation (CHEA) and the U.S. Department of Education. It is also one of the eight regional associations that make up the International Council for Evangelical Theological Education (ICETE), representing North America.

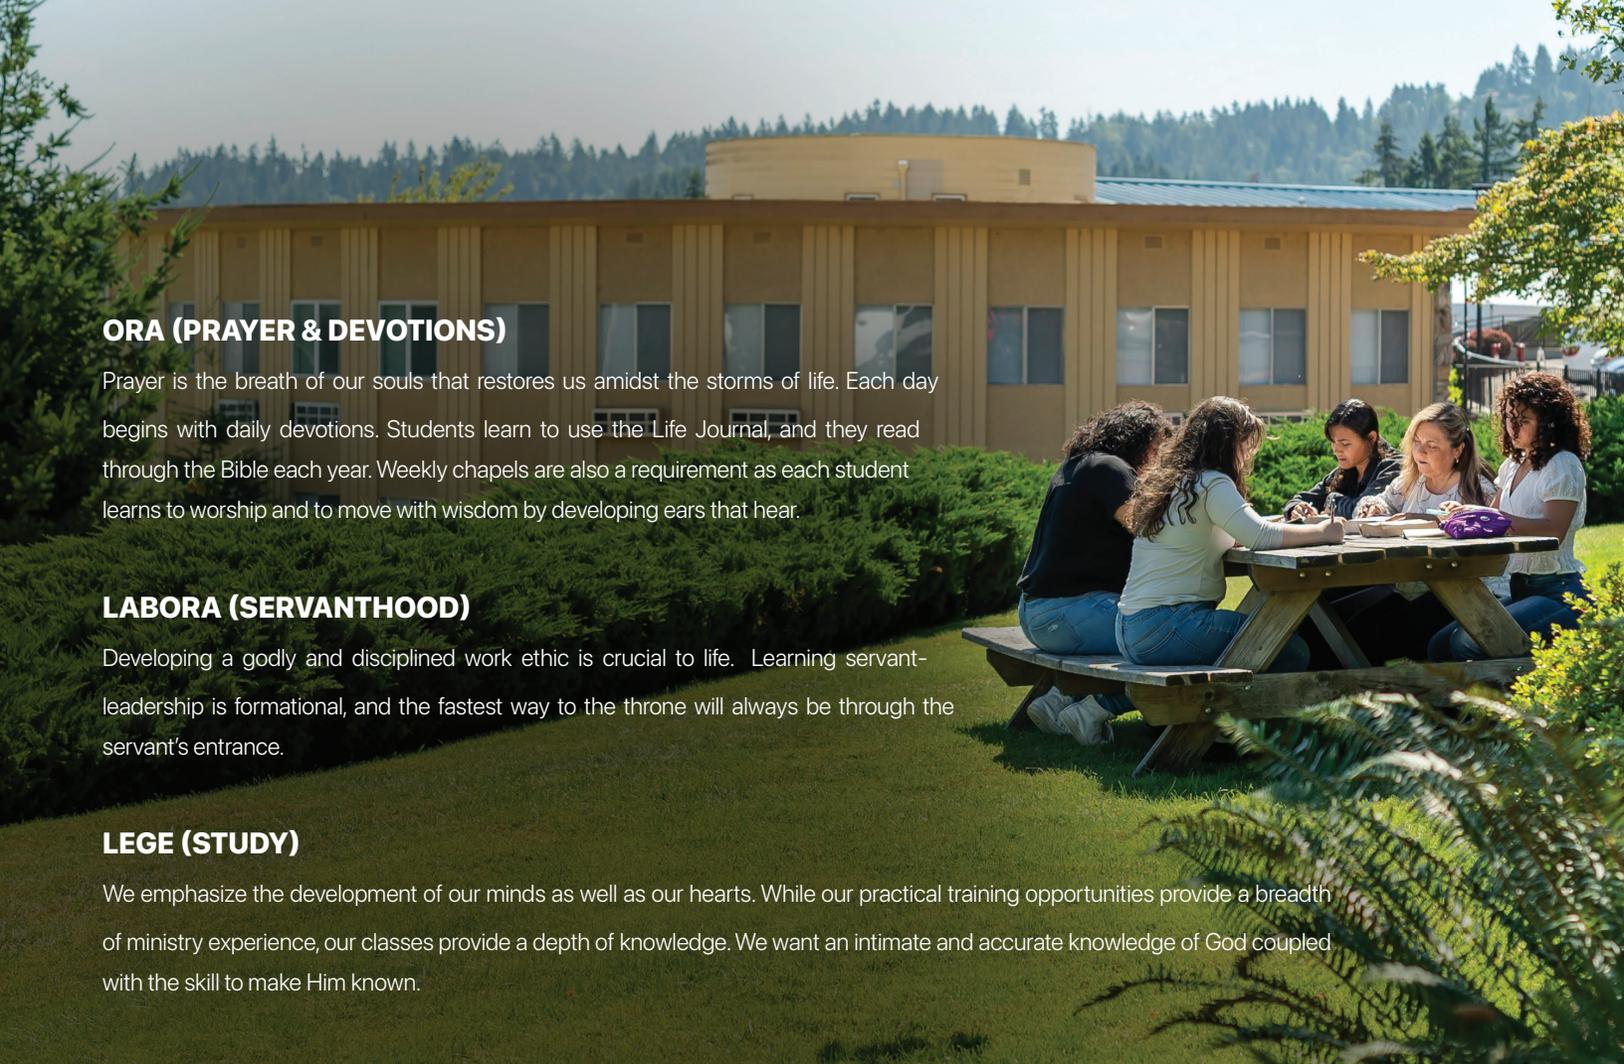

BUILDING EXCEPTIONAL LEADERS

Here at New Hope we believe in taking what the students learn in the classroom and having them practically apply these lessons in our lab church, New Hope West. When students graduate, they have over 1,000 hours of practicum experience, and because of this most graduates have jobs lined up for them by the time they graduate whether that is in a ministry or in the marketplace.

NHCC focuses on the whole person, inside and out. It is far more than simply getting a degree. You will be equipped for practical, hands-on leadership and ministry. Whatever God has purposed for students, New Hope exists to help students achieve that with excellence!

We emphasize three areas of learning that comes from the rule of St Benedict in 529 AD, known as "Ora et labora et lege."

This simple three step program has been used for over 10 centuries in training of leaders especially in the Benedictine and Augustinian orders. These three areas of emphases are as follows:

ORA (PRAYER & DEVOTIONS)

Prayer is the breath of our souls that restores us amidst the storms of life. Each day begins with daily devotions. Students learn to use the Life Journal, and they read through the Bible each year. Weekly chapels are also a requirement as each student learns to worship and to move with wisdom by developing ears that hear.

LABORA (SERVANTHOOD)

Developing a godly and disciplined work ethic is crucial to life. Learning servant-leadership is formational, and the fastest way to the throne will always be through the servant's entrance.

LEGE (STUDY)

We emphasize the development of our minds as well as our hearts. While our practical training opportunities provide a breadth of ministry experience, our classes provide a depth of knowledge. We want an intimate and accurate knowledge of God coupled with the skill to make Him known.

SERVING

Whether it's at our New Hope West Church services, helping some of our community members, or at Outreaches to churches and schools, our students learn the joy of serving with their hearts as well as their hands.

LIFE GROUPS

Students meet weekly in small groups with a faculty or staff leader. Leaders prioritize discipling students and cultivating friendships in the midst of the busyness of college life.

STUDENT LIFE

Activities are planned throughout the year for the students including Open Mic Nights, BBQ's, trips to swimming holes and snow parks, Hoedowns, movie nights, and worship nights with friends.

INTRAMURALS

Intramural sports are a great way for our students to stay physically active and strengthen their friendships. Students gather during the week to spend time together by playing basketball, volleyball, and soccer. Staff and students look forward to competing in our annual All-Star game.
